Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0.	See the Common Medical Events charge below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	There is no deductible .	There is no deductible .
Are there other deductibles for specific services?	Yes. \$150/calendar year for brand name drugs. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	Medical limit: \$4,500 member/\$9,000 family per calendar year. <u>Separate pharmacy limit</u> : \$2,000 member/\$4,000 family per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums and healthcare this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. For a list of preferred providers , see www.healthnet.com/providersearch or call 1-800-522-0088.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes. Requires written prior authorization.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
